MANAGER ASSIGNMENTS (ALL): League Managers are recognized as the primary leadership of RSSA and their respective leagues. Accordingly we need to appoint managers that can/will continue to grow player/league vitality. NOTE: League Directors should be brought into this discussion.

CODE OF CONDUCT (ALL): The RSSA Conduct Code is a primary guiding principal concerning all participants' on and off field behaviors. Infractions must/will be addressed in a timely and appropriate fashion. NOTE: Post behavior code reminder on website.

LEAGUE DIRECTORY (ALL): Needs immediate attention from Erdman/Kioski. "Unofficial" directories should not be distributed. NOTE: Remington/Adkins will address any plans for unofficial directory distribution.

RSSA SHIRTS (ALL): Everyone pleased with the quality and cost of RSSA jerseys. SUGGESTION: Solicit sponsors to buy team shirts. Sponsors could add their name to the jerseys in a fashion approved by the executive committee. Contact Jerry Anderson for specific pricing.

BASE RUNNING SAFETY (ALL): To help optimize player safety and minimize controversy, Terry Mens mentioned some other national softball leagues have "runners bases" like RSSA has at home plate at all bases. NOTE: Issue passed to Darrell A for further investigation. Dick Mumbleau and Norm Setnicker assigned to work w/Darrell on this issue.
